

Tuesday—Tivua Island

Raiyawa Wreck: (Advanced +)

A 30m long deep wreck off Tivua. As you slowly descend the mooring line, the colour of the water turns greenish, then ghostly, and the hull suddenly appears, waiting for you to explore hidden delights. The groups of snapper, schooling bannerfish, spade-fish, the fusiliers, all make for the adrenaline rush. Hunt for nudibranchs. Max depth: 30m

Tivua Jetty: (Introductory)

Great personal introduction to what diving is about. Bommies, hard corals, baby fish, a clam cage and maybe a stingray sleeping in the sand. Effortless - just breath and watch the ocean world go by. Max depth: 12m.

Wednesday—Makogai Island

Outer Reef: (Open Water/Advanced +)

15mins from the ship, well worth the ride. Drop in at the edge of the reef and smiling becomes automatic as you see the irregularly shaped slope displays its colourful wonders with plenty of fish flitting about. A magical ride. Max depth: 30m.

Sister Maria Fingers: (Introductory +)

Situated at the base of a cliff edge, there are a series of fingers jutting out from the reef. Life is re-emerging in this bay as we wander around with the reef fish, feather sea stars, nudibranchs & sea cucumbers. Perfect for a refresher or your first dive. Max depth: 12-18m.

Clam Beach: (Introductory)

Hunt for the marooned giant clams and be in awe of their impressive size and their fascinating and mesmerising colours. Max depth: 12m.

Thursday—Qeleni

Coral Clam Garden (Introductory +)

A submerged reef just North of the Reef Endeavour. Ample reef fish life with schooling humbugs, fusiliers, parrotfish and snapper. Assorted hard coral and even garden-like; new life springing up at every turn. Max depth: 18m.

Lavena

-to be explored

Friday—Wailagilala Island

Beach Reef Drop-Off: Staghorn coral and a trip around a few bommies in tropical warm waters with white sand. Ideal for 1st timers. Max depth: 12m.

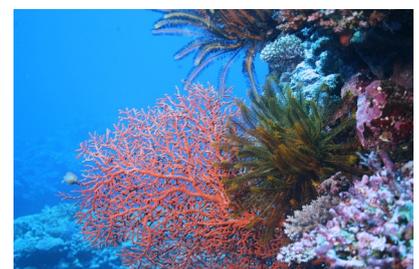

Outer Reef: (Open Water/Advanced +)

This wall dive is a mix of straight-down drops and sloping reefs with gullies and crags bending around each finger. Recovering coral & a sprinkling variety of reef fish such as firedartfish in sandy areas, squirrelfish & groupers. No-kicking and good visibility! Max depth: 18-30m.

Saturday—Vanuabalavu Island: (Bay of Islands)

Outer Reef at the Passage: (Advanced+)

Angular-like edges to the fingers on this wall dive and the colourful hard coral on the mend. Light currents are tempting soft coral growth. Plenty of blennies, gobies, angelfish, triggerfish and snapper. Max depth: 18-30m.

Sunday—Oneata Island:

(Introductory +)

A beautiful and very shallow area dive & snorkel inside the Oneata Lagoon with a mini-mountain-like bommie. It's surrounded by staghorn coral, white sand, and lots of little bommies to explore. We like to say there are 'fish everywhere' and this is what tropical diving should be. Max depth: 18m.

Monday- Yagasa Island:

Gorgonian Point - (Reef Chain) (Open Water/Advanced +)

The reef consist of a gradual slope with a few bommies just off the slope, with great hard & soft coral life. Coast over & around the reef in great visibility with the fusiliers, butterflyfish & wrasse. Beautiful fan corals can be found on this dive. Max depth: 18-30m.

Tuesday—Vuaqava Island:

Outer Reef: (Advanced +)

A small outer reef lies just beyond the bay, full of pinnacles which are full of colourful hard coral and reef fish everywhere. Dive around the pinnacles to see whats around the corner. The visibility is very good and you can be sure a larger fish & creatures will be swimming by in the open blue. A light current may be pushing you along. Another Fiji time dive, easy on the eyes and easy to explore. Our favourite kind of dive. Max depth: 18-30m.

Wednesday—Kabara Island

(Introductory +)

Pillars of bommies in every shape and size jutting up from a white sandy bottom. Dive in between, around, about, next to and up-close & personal to these 'large-scale' picturesque coral citadels full of bright hard & soft coral and an increasing fish population such as angelfish, trumpetfish, clownfish and soldierfish. Sunlight beams onto the top of the bommie during your safety stop. Max depth: 12-18-30.

Thursday—Totoya Island

Village Reef: (Introductory +)

This is a rather shallow dive exploring this garden-like slope. Slowly, slowly make your way through the coral patches to search for juvenile fish, nudibranchs, christmas tree worms, clownfish, pufferfish and maybe the resident white-tip shark. Max depth: 12-18m.

Friday—Kadavu Island

Nalotu Village Reef Edge (Introductory +) -Reef Endeavour snorkel site

Tropical waters, colourful soft and hard corals, this dive is a partial wall, slope and reef edge dive. Good visibility, a little current to push along, crayfish in the crevasses, hermit crabs, a moray eel or two; a little bit of everything. The perfect end to your wonderful Fiji diving experience.

Max depth: 12-18-30m.
