*Captain Cook Cruises will not issue a refund if you simply change your mind or if the weather is not suitable. Conditions apply.

Fiji Diving Excursions 2019-2020

Our Fiji Cruises offer dive opportunities at an additional cost for both certified and 'first time' divers. Diving excursions are available through the 5 Star PADI dive operator, Viti Water Sports. The following information is provided by Viti Water Sports and subject to their normal terms and conditions.

DIVE LOCATIONS—Dive sites will vary depending on the cruise and conditions. Generally two dives per day are available and are undertaken by smaller boats to access some of Fiji's amazing dive locations. Swim throughs, caves, coral bommies and breathtaking coral gardens are some of the highlights you may experience. The average dive duration is 40 minutes and most dives cater to part-time or occasional divers. For first time divers, a gentle entrance from the shores of a tropical island will see you exploring the spectacular fringing coral reefs. Dives sites are subject to weather conditions and cruise itinerary requirements.

*Tivua Island advanced wreck dive on the MV Raiyawa available for the 4 & 7 Night cruises

*A full list of dive sites is available. Please contact us for further details.

QUALIFICATIONS—All certified divers must present an internationally recognized Open Water Dive Certificate to the on-board dive instructor to participate in dives. If they haven't dived for 6 months or more, they will be required to complete a Scuba Review. Introductory (or beginner) divers are not required to have a certification card however they will need to complete a medical and waiver form. If you are cruising for 4 nights or longer, you may like to take this excellent opportunity to complete your PADI Open Water Course, with an Instructor all to yourself. To save you having to study on your cruise, you are strongly recommended to complete the academic part of the course online prior to boarding, at www.padi.com/elearning-scuba-registration, using Captain Cook Cruises Fiji as your training facility. There is a F\$200 credit on the course fee if you complete the training and pay for that online

EQUIPMENT—Full dive equipment is provided as part of your package. This includes BCD, regulator, wetsuit, masks, snorkels, fins, tanks and weight belts. We will offer a FJ\$26/AU\$17 per dive discount should you wish to bring your own equipment. The ship carries a compressor but no nitrox.
